NOTE:

CONTRACTOR TO VERIFY ALL DIMENSIONS AND SITE CONDITIONS PRIOR TO CONSTRUCTION.

*General Notes and Disclaimers: These drawings have been prepared to meet generally accepted professional standards. Dimensions are approximate and are based on information provided by others. Structural details are not shown and may change from time to time. Before starting construction, the builder must review and be responsible for all details and dimensions, and ensure that these plans meet all current requirements in your area. It is also suggested that a local architect and/or structural engineer be consulted for any questions regarding structural, mechanical, electrical, or plumbing systems. Also check with your local building department to see if a professional stamp is required on drawings filed for permit purposes. All work shall be performed and materials installed in accordance with the manufacturer's specifications and the applicable building code. Codes govern over drawings. Dimensions govern over scale. Verify all mechanical requirements before framing. Verify topographic and subsurface conditions, and adapt foundation plans accordingly.*

*All ideas, arrangements, drawings, and plans set forth on this sheet are the property of Streiberger Home Design. Use of this sold work product is limited to a specified project of the purchaser, and for the construction of a single structure. Any other use, including but not limited to reproduction of ideas, designs, and/or arrangements, other than by Streiberger Home Design, is prohibited without the express written consent of Streiberger Home Design. Contractors shall verify and be responsible for all dimensions and conditions on the job.*
